Engineering Review Record

OBS-052 Traceability Review

REQTRACE AI SYNTHETIC EVIDENCE

Review ID: REV-OBS-052
Observation ID: OBS-052
Review Status: Reference correction required
Decision Authority: Not provided

1. Traceability Finding

OBS-052 references REQ-041, but REQ-041 concerns diagnostic logging. The observation claim concerns HIGH-severity alert indication, which appears in REQ-042.

2. Required Action

An authorized reviewer must confirm or correct the applicable requirement reference. Semantic similarity alone must not create a permanent traceability link.

FICTIONAL TRAINING DATA - NOT FOR ENGINEERING APPROVAL, CERTIFICATION, SAFETY APPROVAL, AIRWORTHINESS APPROVAL, PRODUCTION RELEASE, OR OBSERVATION CLOSURE.
